COVID-19 Status Update

These data relate to COVID-19 cases within the jurisdiction of the City of Racine Public Health Department (RHD), including the City of Racine and Villages of Wind Point and Elmwood Park.

Current Situation:

As of 4/22/2020, 4:00 PM

Wisconsin Confirmed Case Count	4,845
RHD Jurisdiction Total Confirmed Case Count	109
Active Cases	78
Hospitalized Cases	16
Recovered Cases	27
Deaths	4
Probable Cases	32
Total Reported Negative Tests	679

Active cases are those individuals who are currently experiencing COVID-19 symptoms and in isolation or requiring medical care.

Hospitalized cases are those individuals whose illness required admission to an inpatient hospital setting.

Recovered cases are confirmed cases where at least 72 hours have passed since recovery (without use of fever-reducing medications) and at least seven (7) days have passed since symptom onset.

Probable cases are as follows:

An illness with clinically compatible symptoms of COVID-19 infection where laboratory testing for the virus causing COVID-19 infection (SARS-CoV-2) is inconclusive.

OR

An illness with clinically compatible symptoms of COVID-19 infection, with no other known etiology for the clinical illness, for whom COVID-19 laboratory testing has not been done, AND who is epidemiologically linked to a confirmed case.

Epidemiologically linked is defined as close contact with a confirmed COVID-19 case or a member of a cluster of illnesses where at least one confirmed case has been diagnosed, in the 14 days before onset of symptoms.

Negative tests are COVID-19 test results reported to local public health as negative.
